NYE'S

IF THIS IS YOUR BIRTHDAY

Take care to keep in good health, for some difficulty threatens and you will need a clear eye and a quick understanding. In all things it will serve you well to question and decide impartially if the way you have always done is really the best way.

Those born today, if left to themselves, will drift through life joyfully and affectionately at first, but in servitude later. Trained to self-dependence and always from sentimentalism they are capable of high achievement in diplomacy and in the more active professions. (May 14.)

## POSTMASTER BY PRIMARY CHOICE

Last week the Democrats of Lehi held a mass primary for the selection of a postmaster to succeed Postmaster Ross. The result was that a young man named Anderson Evans, the state central committee and the national committeeman, W. R. Wallace, have expressed their approval of such action and they will recommend Mr. Anderson for the position.

Some of the Democrats of Ogden are becoming impatient over the postmaster situation here and some of them are urging that the Lehi plan be adopted. It is said that both State Chairman S. R. Thurman and Mr. Wallace, the committeeman, are eager to have Ogden settle her own affairs respecting the appointment of a postmaster to succeed Mr. Shurtliff. The central committee of the city has not settled the matter and it is reported that there is a deadlock.

The matter has been turned over to the state organization for adjustment but inasmuch as there is delay in making the appointment, Democrats in Ogden are talking seriously of asking for a mass Democratic primary at which all candidates would have an equal show.

It is reported in Democratic circles in the city this afternoon that the state Democratic central committee has been called into conference to pass on the Ogden postmasterhood and that a decision will be reached this afternoon.

## ENTERTAINED AT WEBER CLUB

The delegates from Mississippi en route to San Francisco to attend the national convention of Brotherhood of Railroad Trainmen were entertained by the committee of the local lodge. The party arrived last evening and was taken to the Hermitage. Lunch was served to the members of the party at the Weber club at noon today.

Following the luncheon, a stroll was taken around the city and a visit was paid to the Elks' home which was the subject of much favorable comment from both the gentlemen and ladies of the party. The ladies were extremely surprised at the good taste displayed by the Elks in the matter of furnishings and decorations.

A. B. Canfield received a message today that the delegates who set out in the special train will arrive in smaller parties. The first delegation will arrive in Ogden late this afternoon and will remain until tomorrow evening when the trip will be continued over the Southern Pacific to San Francisco.

During their stay here, the delegates will be taken to the Hermitage and luncheon will be served to them tomorrow at noon. It is expected that there will be 50 people in the party this evening.

From now on, the visitors will not be able to remain as long as those in the past have done, as many wish to be in San Francisco in ample time to prepare for the convention. The local brotherhood, however, will take advantage of every moment of their stay to point out the attractive features of the city.

## RAN AWAY WITH ANOTHER'S WIFE

At the instance and request of officers at Pocatello, Idaho, this afternoon Deputy Sheriff J. L. Hobson placed under arrest John Bertolucci and Mrs. Letizia Plaga and will hold them for the Gem state officers.

While no particulars as to the cause for the arrest were wired from Pocatello, yet it is understood that it is a case of elopement. Bertolucci has no hesitancy in saying that he ran away with Plaga's wife, giving as an excuse that he and Mrs. Plaga became enamored of each other and that when her husband threatened to kill both of them, they ran away. Bertolucci is about 35 years of age, while Mrs. Plaga, who is past 40, is carrying in her arms a child about three years old. Both are Italians. Neither of them speak very good English and they do not seem to realize the seriousness of the situation. Bertolucci was placed in the county jail but the woman was permitted to remain in the sheriff's office.

## SLAYS ASSAILANT.

Twin Falls, Ida., May 13.—A fatal shooting took place last night near Devil's Creek, some fifty miles south of this city, in which Jesse Hayes, an unmarried man about 28 years of age, was killed by John Gray, a well-known and highly respected sheepman of the creeks. Sheriff Vansandell and Coroner Crosby, were called to the scene at 2 o'clock this morning and returned this evening accompanied by Mr. Gray, who will be given a preliminary hearing the latter part of the week, the coroner's jury having returned a verdict charging manslaughter.

Hayes away, saying that he would talk to him in the morning when Hayes was sober. Gray then retired with his secretary, S. D. Phillips. ## GLUCOSE IN SOLE LEATHER

Washington, May 13.—Americans with the possible exception of the barefoot boy, are today walking around on not less than twelve million pounds of glucose and eposm salts which constitute adulterants in sole leather. The assertion is made by the department of agriculture, which has just concluded investigations of the leather industry and has issued a bulletin entitled "The Composition of Some Sole Leathers." The adulterants add nothing to the wear and tear of the leather, says the department, and where present in a large quantity may shorten the life of the leather.
